

MARKETING AUTOMATION CORP

Your MarTech Transformation Partners

We partner with you to understand your business, outline a plan for transformation and make it a reality. After all, great strategy is nothing without great execution.

Implementations & Migrations

Whatever tools your unique tech stack entails, our experienced team will help you launch quickly, and according to best practices, setting the foundation for long-term success.

Services include:

- Back-end configuration & CRM integration
- Third-party integrations (chat, webinars, etc.)
- Foundational architecture
- Template development & team training

Platform Audits & Strategic Roadmaps

Get more out of your current MarTech stack. We deep dive into your setup, pinpoint gaps and hidden opportunities, and provide a clear action plan to boost performance and ROI.

Services include:

- Comprehensive system health check
- Identification of underused features/modules
- Data hygiene & duplicate management
- Actionable best-practice recommendations

Full-Service Rev-Ops Support

Bring sales, marketing, and customer success into alignment. We integrate seamlessly into your team and existing processes to drive meaningful results across your organization.

Services include:

- Marketing / Sales alignment
- Buyer persona & journey mapping
- Revenue Attribution reporting & advanced analytics

Integrated CRM & MarTech Solutions

From simple integrations to custom-built solutions, we'll help you blend your tools into one seamless, data-driven ecosystem to deliver standout customer experiences.

Services include:

- Multi-platform integrations
- Custom development & solutions architecture
- Tech stack scalability & optimization
- End-to-end maintenance & support
